

## COMPANY PROFILE

The company " Miliopoulos Dim. & SIA O.E." with the discreet title  is active in the market of mobile telephony since 1999. It provides our goods all over Greece exclusively as wholesale and it is active till today in 5 sections:

### Mobile telephony:

Main object is the import and trade of mobile accessories, spare parts and mobile phones. Specifically, our company provides batteries, travel and plug in chargers, wireless car-kits, bluetooth, data cables for receiving and sending data and great variety in cases , hands free and housings , bluetooth products as well as bluetooth GPRS (piloting systems) , spare parts (lcd, flat cables etc) for all models in the market. The spectrum of our products is getting bigger continually with imports of new products.

The disposal of our products is sold either with our own brand, either original, or without any brand, in VOLTE-TEL communications blister. All products have a guarantee of good working and function for 1-2 years, depending on the item of each product.

Through to the company's sales network, we dispose connection packs for mobile telephony and time renewal cards. We have the disposal of wholesale for time renewal device.

### Land telephony - PBX Systems:

Our company is representative of the German company  that is one of the biggest companies for PBX systems and it provides complete systems and services for every business type. It can provide from a simple PBX system of a house or a small business to a hotel PBX system with a program of time-charging and list of incoming and out-going calls, giving in this way the best solution for every demand as well as guarantee of good function for 2 years  Our company is also a representative of North Greece of the Belgium factory named that is occupied with land and wireless telephony, offering variety in corded and cordless phones, pbx systems, data products, paramedical products such as pressure-gauge, thermometers etc and guarantee of 2 years.

### Office machinery:

Volte-tel communications offers solutions for office machinery that among others includes fax, multi-devices, printers, copying machines and consumable products for these, in cooperation with SAMSUNG, as well as weighing-machines, cash registers, bank-note detectors - counters, and all kind of batteries, such as photographic-lithium , coins - lithium , batteries for home appliances of the famous brands SANYO, SAMSUNG and OSEL as well as for special use -lead - by the brand KIEL.

### High-Tech Products:

**VOLTE-TEL communications**

36 ANDREOY GEORGIOU STR ZIP 546 27 - THESSALONIKI E-mail:miliop@volte-tel.gr

☎2310 541542 ,704806, 778088 FAX 2310 762834 [www.volte-tel.gr](http://www.volte-tel.gr) / [www.volte-tel.com](http://www.volte-tel.com)

VOLTE-TEL communications is exclusive representative in Greece of the factory that its main business is memory cards and usb flash drives. The profile of our company is getting more complete with mini TVs for cars and kiosks.

### **Services:**

Our company has a service section with fully equipped and trained staff for the products that we are working with, such as mobiles, corded phones, PBX systems etc.

Since our company was established till today, VOLTE-TEL communications has a rapid rising course. Some of our customers are COSMOTE, TIM HELLAS as well as big chains of stores. You may enter our company's website [www.volte-tel.com](http://www.volte-tel.com) to see all the range of products with wholesale and retail prices that are offered.

VOLTE-TEL communications is one of a few companies in Greece that applies the on-line system of receiving orders exclusively and only to VOLTE-TEL 's customers- stores, though a personal code that is applied to them. In addition, besides the wholesale and retail prices, the customers are informed for the availability of the products. The same statue is effective for the customers -stores from abroad to our company's website [www.volte-tel.com](http://www.volte-tel.com).

The rapid rising of our course is due to the combination of four main determinants:

- The excellent quality of our products
- The wide and endless range
- The competitive prices
- The many years experience and knowledge of our trained personnel , as it concerns for matters of high-tech and mobile telephony

Our primary target is the direct service and satisfaction of our customer's demands, a target that is achieved because all of our products "It' not the only one of its kind, but in the quality"!
