**by VOLTE-TEL.**

**PRIME MAGNET BOOK STAND**

New PRIME MAGNET BOOK STAND cases by IDOL 1991 and VOLTE-TEL for maximum protection with elegant design. They are made of high quality soft PU leather and have a magnetic 2-point closure. Internally, the device is held by a TPU pouch made of pliable and 100% clear material. It has raised edges for better screen protection, while you can access all device features such as the camera, speakers, microphone and charging socket. You can talk or shoot without a problem while your favorite smartphone is still protected in its case. They are lightweight and slim and do not add extra volume, and they are also folded and stacked so you can comfortably watch your favorite videos and movies on a horizontal viewing screen. Finally, the PRIME MAGNET BOOK STAND does not have a buckle so you can rotate 360 ° the front cover and adjust to the back for more functionality.
