KEYBOARD

YOU WON'T LET IT GO  
FROM YOUR HANDS!

NSP 2000 is perfect for you who want the easiest solution in your everyday life. It includes **large buttons, lens, FM radio (No use of hands-free is required for radio operation), Bluetooth connection, telephone directory, Organizer, Dual-SIM support.** It also limits the chance of mistaking the wrong calls, since it provides a **tiny projection on key 5** that assists you locating without further checking on which place of the keyboard you should put your finger on.

EMITS ... SOS!

The NSP 2000 can prove to be life-saving in emergencies. With just one touch, sends up to **5 pre-stored emergency numbers** when needed, and after a while **it dials the first pre-stored number** of the list. It also has **two speed dial keys** to add the numbers that you use more often so you don't have to visit the phone directory all the time.

VOICE CALL RECOGNITION & VOICE KEYBOARD

NSP 2000 has the ability to **notify you of the number of the caller**, every time when an incoming call occurs and also when **typing numbers** has the ability to let you know of the selected number key.

DO YOU REMEMBER WHERE YOU PUT YOUR CHARGER?

Your battery's life is so long that you will spend more time trying to find where's your charger hidden than charging the NSP 2000. Waiting time takes up to almost **250 hours** so that you will feel free to get rid of cables and chargers.
