

# NSP 2300

Dual SIM  
Flip

HANDS FREE  
JACK 3.5MM

GR/ENG  
KEYBOARD

## EMITS ... SOS!

Elegant in design and light in weight, **FM radio** (No use required hands-free for radio operation), **Bluetooth** connection, telephone directory, Organizer, **Dual-SIM** support, as well as the standard **SOS call** button on the back of the NSP 2300 can prove to be life-saving in emergency situations of need. With a single touch, it sends a message up to **5 pre-stored emergency numbers**, and after a while dials **the first one pre-stored list number**. The NSP 2300 fits easily into any pocket and covers all your daily needs, since it provides you with a long duration battery which reaches **230 hours of waiting** and does not need to be charged constantly.

## BIG KEYS TO BE MADE YOUR HANDY

It is extremely handy, as it has large buttons not only for ease typing, but also to limit any chance of getting wrong calls as it **has a small tab on the key 5** that helps you locate without any further looking at which position of the keyboard you should place your finger. In addition, the **262K 2.4 "colour screen** makes it even more functional, since all the information are crystal clear to avoid you from "rolling out" your eyes.

## VOICE CALL RECOGNITION & VOICE KEYBOARD

NSP 2300 has the ability **to let you know of the number caller**, each and every time an incoming call is being made but also when **typing numbers** has the ability to announce to you via voice the number key you selected.
