

# NSP 2500

Dual SIM  
Flip

...makes your life *easy!*

HANDS FREE  
JACK 3.5MM

GR/ENG  
KEYBOARD

## NOT ONLY ONE... BUT TWO!

Even if your device is closed you can still be informed of the **time, date, battery status, your answers but also for incoming messages** thanks to the second external display on the door. In order to avoid you missing your calls you can still **answer or reject your incoming calls** from the buttons that are available on top of the outer door.

## EMITS ... SOS!

Elegant in design and light in weight, **FM radio** (Hands-free use is not required for radio operation), **Bluetooth** connection, phone book, Organizer, **Dual-SIM** support, as well as the standard **SOS call** button on the back of the NSP 2500 can be a lifesaver in an emergency. With a single touch, sends a message to up to **5 pre-stored emergency numbers**, and shortly enough **calls the first pre-stored** list number. The NSP 2500 easily portable, fits in every pocket and covers all your daily needs, since it provides you with a long duration battery that reaches **210 hours of standby** so there is no need to charge it constantly.

## VOICE CALL RECOGNITION & VOICE KEYBOARD

NSP 2500 has the ability to **tell you the caller's number** any time an incoming call occurs but also when **dialing the numbers** is able to let you know which number key is selected by you.
