

CHARGING-DATA CABLE **2.4A 1M & 2M (LONG) LIME SUCCESSORIES**

The new **2.4A** high-speed charging and data transfer cables from **LIME SUCCESSORIES** and **VOLTE-TEL**.

They are suitable for connecting any device with a **Type C** port to computers and chargers for data, image and video transfer, charging and data synchronization.

With **reinforced cables of 1m & 2m** length for greater durability in daily use.

The new cables from **Lime Successories** have a **long connector (LONG)** ideal for bulky high-strength cases, for **waterproof devices** with hard-to-reach sockets from conventional connectors and for **MLS, Caterpillar** devices and some **tablets** on the market.

TYPE C to USB 2.4A
