

LIME USB-C TYPE C TO USB-C TYPE C LONG 4.0A ΦΟΡΤΙΣΗΣ-DATA 1m LCC01 WHITE

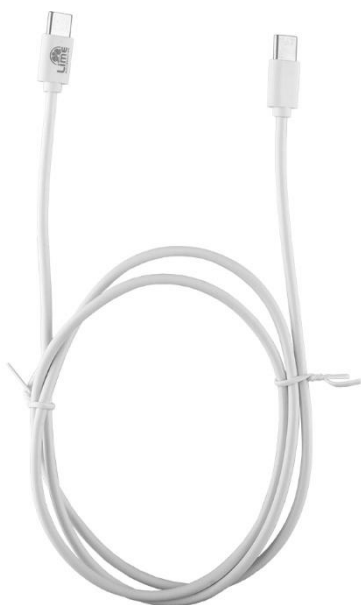

New LIME USB-C TYPE C to USB-C TYPE C LONG Cable (model **LCC01**) designed to provide fast and reliable charging and data transfer for your devices, brought to you by **LIME SUCCESSORIES** and **VOLTE-TEL**.

Functional yet impressive, this cable features a new design with a distinctive **green color** inside the USB connector. It is a safe and efficient choice for those in need of a quick and stable means of charging and data transfer.

The new cables from **LIME SUCCESSORIES** support **Power Delivery 2.0** and **Quick Charge 4.0** technologies, delivering fast charging at **5V-4A** or **20V-3.4A**. Additionally, their power capacity reaches up to **68W**, making them ideal for charging even the most demanding devices.

With a length of 1 meter, the cable is constructed using high-quality, durable materials, ensuring long-lasting use and resistance to wear and tear. Its white finish offers a clean and modern style, complementing any device. The **LIME USB-C TYPE C to USB-C 68W/4A cable** is compatible with a wide range of devices, including smartphones, tablets, laptops, and other USB-C supported devices. Moreover, it is worth noting that each USB-C cable is **reversible**, meaning there is no "correct" or "incorrect" orientation, as it can be easily plugged in from either side!
