Flip

...makes your life *easy!*

DESIGNED FOR... EASY USE!

The new NSP 2650 comes with a user-friendly interface and fits perfectly in your hand or pocket. Additionally, the large battery offers extended talk time and weeks of standby, so you don't have to worry about running out of power. The built-in MP3 player allows you to store your favorite songs and the wireless FM radio lets you listen to your favorite stations even without headphones.

SENDS OUT... SOS!

With its sleek design and lightweight build, the NSP 2650 features an **FM radio** (no hands-free required for radio operation), **Bluetooth** connectivity, a phone book, an organizer, **Dual SIM** support, and a dedicated **SOS call** button on the back, which can be lifesaving in emergencies. With just one touch, it sends a message to up to **5 pre-saved emergency numbers**, and after a short time, it calls the first number on the list. The NSP 2650 easily fits into any pocket and meets all your daily needs, offering a long-lasting battery that lasts up to **210 hours on standby**, so you don't have to keep charging it.

VOICE RECOGNITION FOR CALLS & VOICE KEYBOARD

The NSP 2650 can **announce the caller's number** each time there is an incoming call. Additionally, while dialing numbers, it can **announce the key** of the number you have selected.
