

VOLTE-TEL VT139 & VT140

SELFIE STICK TRIPODS WITH RETRACTABLE HOLDER

The new **Selfie Sticks** from **Volte-Tel** combine everything you need for impressive photos and videos. With a **floor stand**, **non-slip silicone tips**, a **collapsible stick**, **360° rotation**, and a **mini detachable remote control with a range of up to 10 meters**, this gadget is perfect for any occasion. The package includes **two LED lights with different color temperatures and light levels**. Whether you're a professional photographer or just love taking selfies, the new **Selfie Stick** from **Volte-Tel** will become your best companion.

The **rotating head (360° rotation)** allows you to attach various types of devices such as **compact cameras**, **action cameras**, **instant cameras**, **professional cameras (DSLR, Mirrorless)**, **small camcorders**, or **even a portable light**.

The **ergonomic handle** ensures a secure grip, and the **independent locking system** allows you to achieve flawless, high-quality results. The same applies if you use it as a **tripod**, as the **non-slip silicone tips on the base** guarantee stability against potential instability.

With the **rotating clip (360°)**, you can take fantastic shots **from any angle** you want. Additionally, you can attach the **LED lights** included in the package to the ends of the clip.

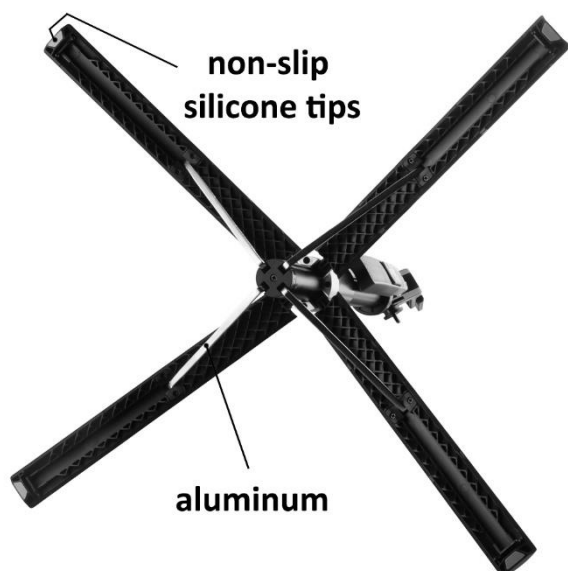

The **detachable mini Bluetooth remote control** will free your hands, as you can comfortably control your smartphone camera remotely. Using it is very easy. **Slide the side button** of the remote control to turn it on. You will notice a **blue** light flashing on the front. At the same time, **activate Bluetooth** on your device and search for the mini remote control.

Once pairing is complete, you're ready to go. **Press the top left button (arrow)** to show the arrow on your device's screen. **Press the top right button (heart)** twice to like photos and videos on social media. The four remaining buttons (**up, down, left, right**) control the movement of the arrow. On the back of the remote, there is a **large button**. Pressing it allows you to take photos or start video recording after opening the camera app on your device. It recharges easily via a **USB Type-C port**.

The **right button (heart)** twice to like photos and videos on social media. The four remaining buttons (**up, down, left, right**) control the movement of the arrow. On the back of the remote, there is a **large button**. Pressing it allows you to take photos or start video recording after opening the camera app on your device. It recharges easily via a **USB Type-C port**.

Main Features:

- **Collapsible Stick:**
Expands from **34.5cm to 180cm**, offering ultimate flexibility for your shots.
- **Stable Floor Stand:**
With **aluminum arms** and **non-slip silicone tips** on the edges, it ensures steady, flawless photos and videos.
- **Rotating Head:**
Allows **360° rotation** for panoramic shots and impressive images.
- **Rotating Clip (360°):**
Enables shots from **any angle** you want, and you can attach **LED lights** at the ends.
- **Detachable Bluetooth Remote Control with Range up to 10 Meters:**
Wireless connection with your smartphone for quick and easy use. Ideal for group photos, selfies from a distance, and social media.
- **Two LED Lights:**
You can choose between two large lights with **3 different color temperatures and 3 brightness levels**, or two small lights with **3 different temperatures + strobe lighting**. Choose the perfect tripod based on your needs (**5205308360343** with large lights, **5205308360336** with small lights), and you'll always get the perfect result.

Why Choose It?

Our Selfie Stick is the **ultimate tool** for both professional and everyday shots. With the adjustable lighting feature, you can customize your photos to match the lighting conditions, ensuring the perfect image every time. Whether traveling, attending an event, or at home, this gadget is essential for any photography and video enthusiast.
