

## NEW NSP N28 CAR HOLDER FOR MOBILE PHONES AIR VENT 360 ROTATING UNIVERSAL

The **NSP N28 Car Mount** for mobile phones is the ideal solution for **safely** and **easily** securing your phone while driving. Designed for **easy attachment to the car's air vents**, this mount is suitable for all sizes of smartphones, offering **360° rotation** for complete **flexibility**.

Thanks to the **special mounting system** for the car's air vents, you can easily **install the mount quickly and without the need for tools**. The **two-point clip system** ensures that your **phone remains stable and visible**.

The **360° rotation feature** lets you adjust the angle of your phone to your preference, **whether in a horizontal or vertical position**. It is ideal for using **GPS, hand-free calls and easy access to your apps**, all without diverting your attention from driving.
