

## **VOLTE-TEL CAMERA GLASS COVER** **EASY APPLICATION**

These specific camera glass protectors feature high color transmission quality thanks to their special **AR (Anti-Reflective) coating**, which reduces reflections typically found in standard tempered glass.

They are sleek and elegant in design, offering a **premium-quality feel**, ideal for those who want protection that does not compromise the aesthetics of their device.

The glass hardness (**9H**) ensures exceptionally strong protection, capable of withstanding even intense scratches, which is crucial for maintaining the quality of the camera lens.

They come with an **Easy Application Method**, ensuring simple and quick installation without air bubbles.

Perfect for everyday users without specialized knowledge.

### Package includes:

- 1x Tempered Glass for Camera
- 1x Cleaning wipe with Alcohol
- 1x Cleaning cloth
- 1x Dust absorber
