

## SOLAR POWER BANK 8000mAh IP64 WITH FLASHLIGHT AND COMPASS OUTPUT MICRO USB BLACK

Discover the ultimate gadget for nature and travel enthusiasts! The Solar Power bank is the ideal companion for every adventure, providing uninterrupted power wherever you are.

### Product Features:

#### Dual Charging:

- **Blue indicator light:** Charging via a wall outlet through a micro USB port.
- **Green indicator light:** Charging through the built-in solar panel.

**High Capacity 8000mAh:** Ensures multiple charges for your devices.

**Two USB Ports: 5V-2A** allow simultaneous charging of two devices.

#### Powerful LED Flashlight with 2 Modes:

- **SOS:** For emergency situations.
- **Quick Flash:** Enhances visibility in low-light conditions, making it ideal for night excursions.

**Durability:**

- **IP64 Protection:** Resistant to dust and rain.
- **Sturdy Construction:** Built to withstand harsh natural conditions.
- **Integrated Compass & Carabiner:** Perfect for easy carrying – attach it to your bag and never worry about your direction again!

With the Solar Power bank, you no longer have to worry about your battery. Enjoy your adventures with confidence and safety!
