

TEMPERED GLASS APPLE WATCH 3D EDGE PC COVER BY VOLTE-TEL

If you are on the search for the ultimate protection of your favorite Apple Watch then the new Tempered Glass **3D EDGE PC COVER** is the best choice for you. This specific Tempered Glass was designed to completely protect **the screen and the frame of your Apple Watch** from the daily wear and other dangers.

This tempered glass is the **thinner on the market with only 0,30mm thickness** therefore it **doesn't add any volume** and it **doesn't affect the response of the touchscreen and the quality of the resolution of the screen due to its 100% transparency**. With ergonomic design **that covers the frame of your Apple Watch from all exposed sides with extra protection to the power button, while ensuring full access to all the functions of your watch such as the crown, microphone and speaker**. Say goodbye once and for all to scratches and cracks, ensuring ultimate protection while at the same time it is **water resistant**, so that you are no longer afraid of the small accidents of everyday life or a rainy day. Finally, it has a **special Oleophobic Coating** so that fingerprints do not appear to distort its appearance.

In a nutshell

- It protects your Apple watch from dust and scratches
- The Tempered Glass doesn't affect the response of the touchscreen (as if it doesn't exist) but neither the visibility keeping the image crystal clear (100% transparent).
- It keeps your Apple Watch safe from moisture, for extra protection and comfort while using your smartwatch.
- Renews the appearance of your smartwatch as it is available in a wide variety of colors.
