

VOLTE-TEL SLIMCOLOR AIR TPU

Introducing **SLIMCOLOR AIR TPU** from **VOLTE-TEL** is here!

Highlight the look of your mobile phone without hiding it, with the transparent and discreet **Slimcolor Air TPU** cases.

They are made of malleable and extremely durable **100% clear TPU material** and are available for all new and non-smartphones on the market.

They fit perfectly in your device, without affecting its functions since they have all the necessary notches for the charging and handsfree ports.

They have **raised edges** that prevent the screen of the mobile phone from coming into contact with any flat surface when it is upside down.

The **Slimcolor Air TPU** is one of the **thinnest cases** on the market and thanks to the special design of the inside, you will get rid of the unsightly "spots" on the back of your smartphone.

So shield your mobile phone with the security and elegance that a **Slimcolor Air TPU** offers you.
