

## ROTATING STAND LEATHER BOOK TABLET CASES

Leather Case with  
**STAND** capable of **360**  
degree rotation, as  
well as both **vertical**  
and **horizontal**  
placement.

The exterior is made out of leather, offering both protection and a modern look and the interior is made out of velvet for even greater protection from scratches. Specialized slots allow the use of the camera without removing the tablet from its case. They fit perfectly, as they have a special frame made of TPU material, on which the tablet “buckles” for greater safety wherever you go and however you use it.
